High-Powered Magnets
Since 1985

Polar Power™ Magnets, made by Enviro-Tech Products since 1985, are Medical Doctor designed and approved. Enviro-Tech Products is proud to be the publisher of the *Bio-Magnetic Handbook* by Dr. William H. Philpott, M. D., the leading researcher in Bio-Magnetics. We are also proud to be the only company where Dr. Philpott designs and approves of the products. Many of our designs were developed for Dr. Philpott's research projects, with special attention to specifications for field and strength.

Magnetic energy is now used by millions of people world wide to promote healing, relieve stress and pain, to obtain better sleep, increase energy and obtain general better health. Researchers around the world have been learning how magnetic fields affect humans. Here are a few of their findings about how the Negative field affects people.

- *Reduces swelling and inflammation
- *Relieves many types of pain
- *Relaxes muscles and relieves stress
- *Promotes faster healing
- *Induces your own body to produce more Melatonin.

Since 1985 Enviro Tech Products has lead the industry in producing exceptional quality, high powered and deep penetrating magnetic products. Here are a few things to note about Polar Power™ Magnets.

Polar Power™ Magnets are:

- High-powered magnets – we specialize in high-powered magnets. Gauss ratings on our magnets are: Ceramic magnets – 3950, Neodymium magnets – 12,300, Flexible magnets – 2450 (for more about Strength & Field/penetration please see Useful Information on Bio-Magnetics & Tips for Buying Magnets)
- Mono-Poled magnets – since research shows the negative pole to be the most beneficial, all our products have the negative pole only towards you
- Safe to use – since research on the MRI and NMR machines the FDA has declared magnets safe to use.
- Easy to use – Enviro Tech Products has used our years of experience to make some of the easiest and most affective products available today.
- Top Quality – Enviro Tech products sells only top quality magnets. We guarantee them to be the size and strength we indicate.
- Economical – Polar Power™ Magnets are permanent lifetime magnets. This means without any special care our magnets will stay charged throughout your lifetime. If you use a Polar Power™ Magnets to relieve your headache pain you will not need to buy another magnet for headache pain for the rest of your life! How many bottles of aspirin or other pain relievers have you purchased?

We know you may be skeptical about using magnets; many of our customers are at first. However, after using magnets, most people get such great results that their friends and relatives are convinced to give magnets a try also. We know if you will give Polar Power™ Magnets a try you will enjoy the results.

About Our Company

In 1984, Dr. William H. Philpott became interested in Bio-Magnetics. He read what little information there was printed at that time. What he read fascinated him, so he decided to do some research on his own. He bought some raw uncoated magnets at an extravagant price. His research developed positive results and he wanted to expand his project. His business manager and son-in-law, Lin Lothrop, said, "Dad, we have to be able to make these magnets more affordable. I'll check this out for you." After some hard work, Lin did find better prices. Because the magnets were raw, there was a need to coat them and make them more people friendly. And thus, Enviro-Tech Products was conceived as a separate company in 1985. Enviro-Tech then started selling to other Physicians and we started joining medical conventions to demonstrate our products. We were considered a little strange in 1985, but we like to think we were just ahead of the times.

Enviro-Tech Products is a division of Lothrop Technologies Incorporated, owned and operated by Lin Lothrop, Joyce Lothrop (Dr. Philpott's daughter) and Katherine Philpott (Dr. Philpott's wife). Dr. Philpott does not directly own or operate our company; he spends his time in what he loves best, researching Bio-Magnetics at his office next door. Dr. Philpott helps us with all our designs and exclusively uses our products in his research projects. We consider ourselves lucky to be able to use Dr. Philpott's research results to make the best Bio-Magnetic products.

Since 1985, Enviro-Tech (dba of Lothrop Technologies, Inc.) has grown many times over, thanks to our many loyal customers. We now also have a sister company, Lothrop Magnetic Specialties, that manufactures magnetic products for other companies.

We are proud that our high quality magnetic products have helped thousands of our customers to live a happier, healthier more energetic life.

Polar Power™ Magnets

Magnetic Energy for a Happier, Healthier Life

Some Useful Information On Bio-Magnetics

When Enviro-Tech first began marketing magnets for health usage back in 1985 we were somewhat ahead of the wave and our products were viewed with a degree of curiosity, if not incredulity. Now it seems there are magnet sales companies on almost every corner (either really or 'virtually' on the internet). Many of these companies seem less well informed than those to whom they sell.

We offer what we believe to be not only the most comprehensive selection of magnets and products but also a very good choice of books and articles on the effects and usage of magnetic products; from theory to practical application. We also make a point to teach everyone that wants to learn, everything there is to know about magnets; how they work, what they are made out of, where to use them, when to use them, and how they will help. We believe the key thing that is missing in the magnetics marketing and manufacturing business today is education, and we can help solve that problem.

One of the major failures of many magnetic products on the market today revolves around their lack of strength. The Polar Power™ brand emphasizes maximum strength for intended usage. We utilize several types of magnetic materials in our line of products.

- ◆ **Flexible:** This is a neoprene like base with large quantities of ferric oxide (iron oxide) powder as the magnetized (active) ingredient, this is the lowest strength material we use but if used in the correct size it can be very practical. It also has the advantages of reasonable cost and a flexible, non-breakable nature.
- ◆ **Ceramics:** Probably the king pin of the magnetics business and a good choice for deep field penetration if the weight can be managed.
- ◆ **Rare Earths** (usually neodymium): The exotics; newest and strongest in the industry. Very strong (magnetically), but has short depth penetration; usually only provided in relatively small sizes, can be physically dangerous in large pieces. Tend to be expensive, but great for intense fields on small areas.

The strength of magnets is usually described either in gauss or tesla units - 1 tesla is equal to 10,000 gauss - these are measurements of magnetic flux (or force), or more specifically the density of the lines of magnetic flux. Measuring magnetic strength is usually done with a magnetometer or a gauss meter. The strengths of magnets can be related in more than one way and this can cause confusion at first. Relating strengths in more than one way can actually be an advantage if you understand the difference.

One reference is to relate the manufacturers rating. This is expressed as B_r - residual gauss or

a "closed magnetic circuit" value. This is great to compare one type of magnetic substance to another but it can leave you guessing about the field strength at any given distance because this type of rating is not size dependant. Many marketers like this reference because it tends to sound stronger (the numbers are bigger). Another method is to relate the surface gauss strength, if the size is given also then this is useful. The best information on strength comes when one is given strengths at measured distances. That way one can know the magnetic field strength where it is needed, which is usually some distance away from where the magnet is placed.

You will find a chart relating strengths of many of our products at measured distances (which results in their depth of penetration) on page 6.

The products we produce have a very wide range of usage from the very small to the very large, from weak (magnetically) to very strong. Nearly everyone, young to old, can enjoy the benefits of what these products have to offer.

Questions are often asked, relating to the use of magnetic products having 'bipolar' or 'multipolar' field arrangements (both north pole and south pole fields on the same surface of the magnet). Usually these are flexible and rather thin. Our research and experience shows at best a limited value in the use of multiple pole configurations, and usually many disadvantages. The greatest difference of 'straight' or single pole magnets is their ability to project a relatively strong field at greater distances than multiple poled products (this involves the depth of penetration issue). Our products that have multiple magnets have all the same pole facing the same direction and are arranged to provide an even field at the proper treatment distance. These products (with multiple magnets) have the advantage of a greater spread of field lines than a single magnet of the same type and overall dimensions.

We have also noticed a great degree of confusion exists in the market when a customer wishes to buy a magnetic bed pad. Customers frequently do not know the correct questions to ask concerning the magnetic properties of the bed pad. If the customers ask logical questions can they trust the answers that are given to them? Does the seller even know anything about the product that he is selling?

In general you should get a bed pad with a negative field of use, having as many magnets as possible that are evenly spaced. The pad weight is usually a useful rule of thumb in choosing this type of product. If two twin sized pads of equal dimensions have significantly differing weights you can pretty well assume the heavier pad will have either larger magnets, more magnets or both. Therefore the bed pads that are heavier, either have more magnets or have larger magnets, and therefore have greater field or depth of penetration.

We want to be as helpful as possible and provide as much information as we can so your choice of magnetic products will be an informed one. If you do not find your questions answered in our catalogue and literature please ask one of our customer service personnel. If you find they cannot satisfy your need I will be happy to help.

Thanks for shopping with our company.

Sincerely,

Linwood Lothrop
President & Operations Manager
Lothrop Technologies, Inc.

Tips on Buying Magnets

Tips for buying a magnet that will work for you:

1. Buy a magnet that will cover all but only the area you wish to treat. Magnetic fields go straight out, they do not spread out much. So be sure to buy a magnet that will be wide enough and long enough to cover the area you wish to affect.
2. Be sure the field strength/penetration will reach the area you wish to affect. The size and materials of the magnet greatly change the field/penetration. A magnet that works great on the surface of the skin is quite different than a magnet that would affect a large joint or internal organ. Please check the chart below for gauss and field strength/penetration of our magnetic products. If you are still not sure please call us at 1-**405-390-3009** We want you to have a magnetic product that will work for you.

Soothers

These magnetic products were designed to treat spot areas on your body, such as the head, back, arms legs, etc. Each product has been designed with ease of use and comfort in mind. Our Soother Kits all have Sta-Tight Wraps made with Dupont Cool Max fiber. Cool Max is a state of the art fiber, designed to wick away moisture. These cool comfortable wraps will hold their shape and last for years. Sta-Tight Wraps have Velcro closures for ease of application. The Magnets in these kits have Velcro hooks on the south pole side to attach firmly to the wrap and hold the magnets in place.

Some of these products, such as the Flex Mats, were designed specifically for research projects. Flex Mats are designed to be light weight and extremely comfortable to use. We hope you enjoy using them as much as we enjoy making them for you.

Soother One

For use on head, neck, arm, and leg.

Soother One contains two Power Disc Magnets (1 1/2" Diameter x 1/2" thick) and one 26" wrap.

(3950 gauss)

#STHR1

Shipping Weight - 1 lb.

Soother Two

For use on wrist or ankle. Soother Two contains two mini-block magnets (1 7/8" x 7/8" x 3/8") and one 17" wrap.

(3950 gauss)

#STHR2

Shipping Weight - 1 lb.

Soother Three

Regular & Double Strength

For use on neck, arm, leg or ankle.

Soother Three contains one small Soother Flex Mat (overall size is 3" x 4", and contains **four 1 1/2" x 7/8" x 1/8" magnets for the Regular, and eight for the Double**) with a 12" & 17" Sta-Tight Wrap.

(2450 gauss)

#STHR3 Shipping Weight - 1 lb.

#STHR3DBL Shipping Weight - 2.5 lb.

"Health is the greatest gift, contentment the greatest wealth, faithfulness the best relationship."

-Buddha

Soother Four

Regular & Double Strength

For use on back, abdomen or chest. Soother Four contains one medium Soother Flex Mat (overall size is 5" x 6" and contains **twelve 1 1/2" x 7/8" x 1/8" magnets for the Regular, and twenty-four for the Double**) with a 17", 31" & 52" Sta-Tight Wrap.

(2450 gauss)

#STHR4 Shipping Weight - 2 lb.

#STHR4DBL Shipping Weight - 2.5 lb.

Soother Five

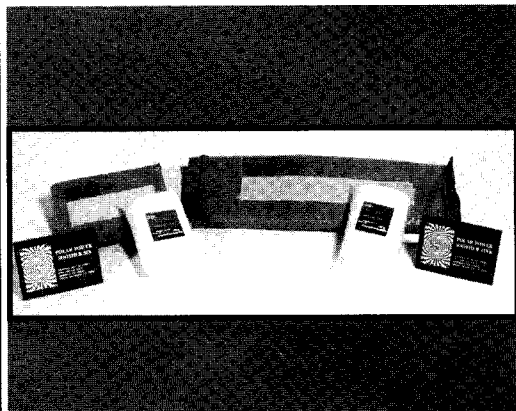

Regular & Double Strength

For use on back, abdomen or chest. (*Covers a larger area than Soother Four*) Soother Five contains one large Soother Flex Mat (overall size is 5" x 12" which contains **twenty-four 1 1/2" x 7/8" x 1/8" magnets for the Regular, and forty-eight for the Double**) with a 31" & 52" Sta-Tight Wrap.

(2450 gauss)

#STHR5 Shipping Weight - 2 lb.

#STHR5DBL Shipping Weight - 2.5 lb.

Soother Six

For use on back, abdomen or chest. (*Stronger field than Soother Four or Five, also heavier in weight*) Soother Six contains one 4" x 6" x 1/2" comfort covered ceramic magnet with a 31" and 52" Sta-Tight Wrap

(3950 gauss)

#STHR6

Shipping Weight - 3 lb.

Eye & Sinus Soother Mask

For use on face and sinus. Attractive black mask with flexible magnet throughout. Perfect for wearing at night to decrease wrinkling and puffiness as well as keeping those sinuses clear. Use it for allergies, common cold, flu, snoring or beautification.

(2450 gauss)

#EYEMSKSTHR

Shipping Weight - 1 lb.

Eye & Sinus Soother Mask Additional Magnets

Additional magnets to add to the Soother Mask. Four Low-Profile Super Neos and Four Neo Dots. Boost the strength of the Soother Mask to get rid of those sinus problems even faster.

(12,300 gauss)

#EYEMSKADDMAG

Shipping Weight - .25 lb.

Get Well presents

Mother's Day

Father's Day

Valentine's Day

Anniversary's

Lumbar Soother

For use on lower back and kidneys. Soothe that aching lower back at the end of the day. Lumbar Soother contains two Disc magnets (1 1/2" Diameter ceramic with Velcro on the positive side), one specially designed comfort covered flexible "Trapezoid" shaped magnet and one 52" Sta-Tight Wrap.

Disc (3950 gauss)

Trapezoid (2450 gauss)

#LMBSTHR

Shipping Weight - 1 lb.

Shoulder & Upper Back Soother

For use on shoulders and upper back. Stressed? Wear this comfortable, lightweight pad that wraps around your upper back and shoulders and feel the tension melt away. Con-

tains ten powerful Low-

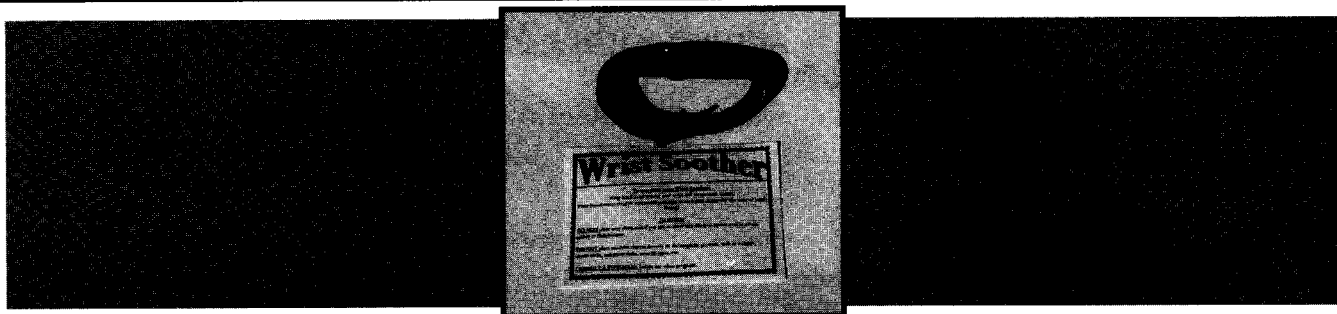

Profile Super Neo magnets especially aligned with the major muscles in your shoulders and upper back.

(12,300 gauss)

#SHLUPBKSTHR

Shipping Weight - 2 lb.

Wrist Soother

For use on wrists. Say good-bye to aches and pains from tendonitis. Wrist Soother contains one Low-Profile Super Neo magnet and a 10" or 15" band of black stretch fabric. Adjustable Velcro closure.

(12,300 gauss)

#WSTSTHR

Shipping Weight - 1 lb.

Foot Soother

Magnetic relief for your tired aching feet. Easy to use, just place inside your shoes for comfort. Both kinds of our insoles are made with 1/8" thick flexible magnet material so they will have a strong field/penetration. The Universal sized foot soothers are made with high grade compression resistant foam and can be trimmed to any size. The Individual sized foot soothers are made with foam and a top layer of CoolMax. When ordering please state the type of insole you want and/or your size. (2450 gauss)

Universal Sized: #UNIFSO

Men's Sizes: #FSOM (individual sizes 7-15)

Shipping Weight - 1.5 lb.

Sta-Tight Wraps

Sta-Tight Wraps are made with DuPont Cool Max fabric. Cool Max is a fiber designed to wick away moisture. This makes a light weight, breathable wrap that will hold its shape. Velcro closures hold it secure, and provide an easy application. Comfortable Sta-Tight wraps may be used anywhere on your body.

(These are the same wraps that are in our Soother kits.)

Comfort Covered Magnets

Comfort Covered Magnets are especially made to be 'user friendly', they are covered in soft gray and black fabrics and have convenient Velcro strips on the positive pole side. Our covered magnets come in three different kinds of magnets: ceramic, flexible and neodymium. The covers on the ceramic magnets can be removed and are washable. These comfy magnets are made to be used with our Cool Max wraps, so be sure to check out our Sta-Tight

Wraps on page 11.

Shipping Weight: 1 lb.

Multi-Purpose Pads

These handy little pads can be used anywhere on your body; head, legs, back, feet or as a cushiony seat pad. It's great to use for a chest cold, stomach pains or back pains. The Multi-Purpose Pad covers a large area with a high-powered negative field. You will find yourself using this pad all the time. However don't be surprised to find your pet likes it too. Our cats and dogs use it every chance they get, so if you want to keep your Multi-Purpose Pad for yourself put it up out of the way or buy the pets their own magnetic bed (page 19). The Negative Pole side has black, fabric and the South Pole side has gray, fabric with a red Polar Power label; just like our Comfort Covered magnets. It's easy to use, just place over or under the area you wish to treat.

Polar Power Chair Cushion

This is a comfortable, cushiony, and downright great high-powered chair cushion. The Chair Cushion gives you fast relief for those tired aching muscles. The cushion has 53 mini-block sized magnets and a removable, washable, upholstery cover that comes in gray or tan. It fits in most office chairs or car seats; just where you need the most relief from aching muscles and joint pain.

Many people report great relief from leg and back pain, as well as the itch of candida infections when they use the high-powered Magnetic Chair Cushion.

Chair Cushions & Pet Beds

Magnetic Dog & Cat Bed

Man's best friend deserves a fuzzy, comfortable place to rest, and this is the most wonderful way to let your best friends know you love them. Our high-powered Dog Beds are our own design, they contain mini-block magnets within a special designed foam pad. The covers are either soft polar fleece fabric or nylon (please specify which when ordering); the Dog Beds have a pillow on one end with Velcro closures on the other. The pillow has its own Velcro tabs on the bed to hold it in place. The small size cat bed has a circular shape with walled sides perfect for cats and even small dogs. It's a good possibility that your pet will love this bed almost as much as your bed!

Ceramic Magnets

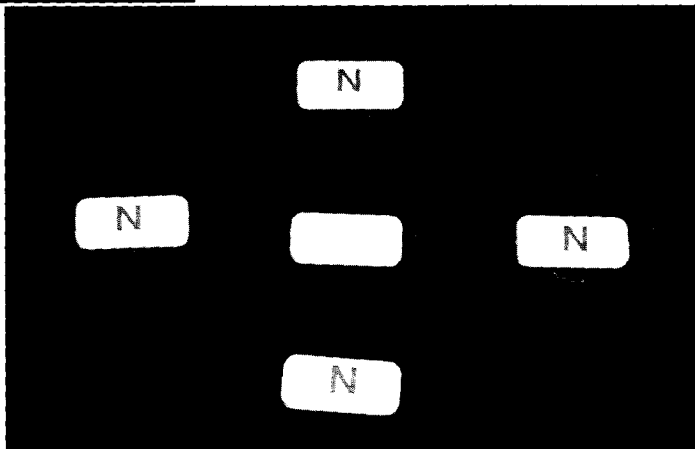

In addition to our ceramic Comfort Covered Magnets we also have individual Power Discs and Mini Block magnets. These ceramic magnets are powder coated white and have North Pole labels on them. Appropriate types of Velcro are included in the package for you to attach wherever you please. Attaching the Velcro to the south pole side of the magnets makes them easier to use with our Sta-Tight Wraps. All of our ceramic magnets are 3950 gauss.

Power Discs with Velcro #PD-CMV

Shipping Weight: .25 lb.

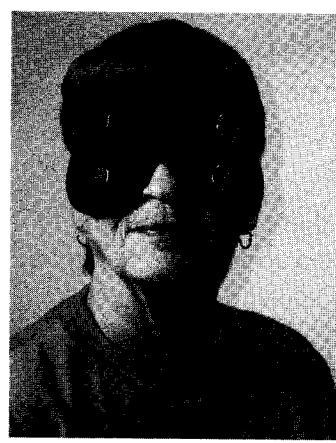

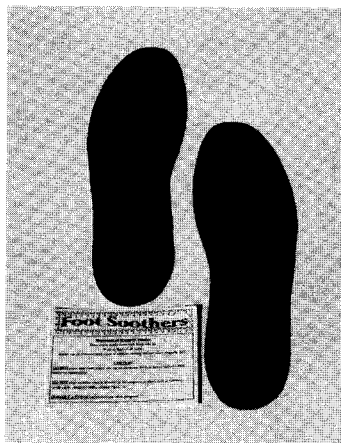

Mini Block Set with Velcro #BRIGGS-CMV

Shipping Weight: 1 lb.

Understanding, and action proceeding from understanding and guided by it, is one weapon against the world's bombardment, the one medicine, the one instrument by which liberty, health, and joy may be shaped . . . in the individual, and in the race.

-James Agee
(1909-1955)

Flexible Magnets are bendable, lightweight magnets. Unlike most companies who sell 1/16 inch thick magnets, all our flexible magnets are 1/8" inch thick, this thicker magnet material allows for a greater field/penetration. Also, our magnets may be stacked for even greater field/penetration. Flexible magnets may be hand cut into different sizes and shapes, without the magnetic field being affected. We offer three sizes of flexible magnets in an economical length. Each come with negative pole labels on each foot of length and appropriate sized pieces of Velcro for you to affix wherever you please . Flexible magnets are lightweight and have an excellent field/penetration, 6 to 7 inches, with a gauss strength of 2450.

Our Flexible magnets are now sold by the foot with a minimum order of three feet (36"). Custom sizes may be special ordered. If you have a special need call our office for sizes and prices.

Flexible Magnets

<u>Order Number</u>	<u>Dimensions</u>	<u>Shipping Weight</u>
#FM2-36	2" x 36"	2.5 lb.
#FM4-36	4" x 36"	3.75 lb.

Magnets made from neodymium are the strongest permanent life time magnets made today. The Super neo comes with a small button magnet making it easy to attach to a shirt, tie, hat or whatever. The Low-Profile Super Neo is Exactly like the Super Neo but is half the width and half the weight. Neo Dots will easily fit under a Band-Aid or tape.

*Please take note: Neodymium magnets are very strong (12,300 gauss) but have a very short field penetration (2"). Neodymium magnets have unbeatable strength, however, what you wish to treat needs to be within 2 inches of the surface of your skin.

Enviro-Tech Products makes two great types of products to promote better health while you sleep:

1. Mega-Field Slumber Pads
2. Vitality Sleep Enhancers

Mega-Field Slumber Pads are designed to put your entire body in a healing negative magnetic field. They relax your muscles, relieve stress, and treat your aches and pains. The Negative field promotes healing all over your body. You can get all this and at the same time have the best, most relaxing sleep of your life. These bed pads come in two sizes, twin and queen.

Vitality Sleep Enhancers are specifically designed to promote the production of Melatonin by the pineal gland. In recent years there has been much research showing the benefits of increased levels of Melatonin. Here are some of the improvements you can have with increased Melatonin production:

- Deep Sleep
- Improved Immune System
- Improved Energy Levels
- Increases Growth Hormone (skin, hair and nail growth)

Research has shown that by placing the pineal gland (this is near the top and center of your head) in a negative magnetic field your body will increase its production of natural Melatonin. This is wonderful news! Not only can you get these marvelous benefits, but you can do it naturally.

No need to use pills (that have to be bought again and again) every night.

Enviro-Tech Products is the only company making this type of Sleep/Melatonin enhancer.

Slumber Pads and Sleep Enhancers can be used by themselves with good results.

However used together you will receive the ultimate health improvement.

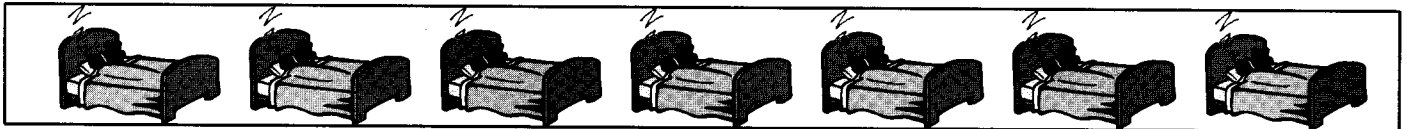

Get Healthy and Stay Healthy with Polar Power Sleep Systems

Slumber Pads

Made from a specially designed top quality foam, Slumber Pads come in two standard sizes. Both sizes are smooth and firm with no lumps or bumps of magnets to be felt. Bed pads have a white cotton quilted cover that can be taken off and machine washed. (Because of possible shrinkage, we recommend cold water only and line drying; or remove all doubt and dry clean) All magnetic beds are made with Mini Block sized magnets (1 7/8" x 7/8" x 3/8") that are 3950 gauss.

*We don't make a king size Slumber Pad because of the overwhelming weight of the finished product. We recommend using two twin sized Slumber Pads instead (in fact we've specially priced two of them). This will usually fit king sized mattresses, and will be easier for you to handle.

<p>Mega-Field Slumber Pad Twin: Dimensions: 38" x 78" 300 Mini Block Magnets #PPMFSP Shipping Weight: 42 lbs.</p> <p>Duffle Bag for Twin #SMRDF Shipping Weight: 1/2 lbs.</p>	<p>Mega-Field Slumber Pad Queen: Dimensions: 60" x 80" 527 Mini Block Magnets #PPMFSPQ Shipping Weight: 71 lbs.</p> <p>Duffle Bag for Queen #LGRDF Shipping Weight: 1/2 lbs.</p>	<p>Mega-Field Slumber Pad King: (actually two twins) Dimensions together: 76" x 78" 600 Mini Block Magnets #PPMFSPK Shipping Weight: 84 lbs.</p> <p>Duffle Bags for King #2SMRDF Shipping Weight: 1 lbs.</p>
---	---	---

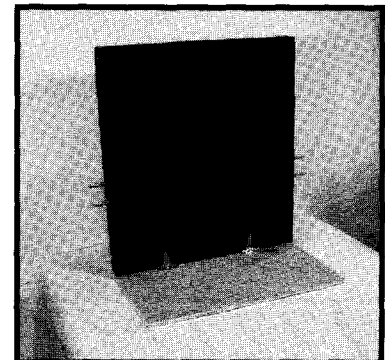

Once you experience the great results of sleeping on a Polar Power Slumber Pad you may never want to sleep without it again.

Vitality Sleep Enhancers

Polar Power has two designs of Sleep Enhancers.

The first design is the Vitality Sleep Enhancer. This sturdy hardwood frame holds four extra strong 1 inch thick magnets at the head of your bed. The rated gauss strength of these magnets is the same as thinner magnets but the thickness allows for greater field/penetration. This allows you to roam farther from the Vitality, 6 inches to one foot, and still be in a negative magnetic field. The height of the magnets are completely adjustable. No matter how thick or thin your pillow is you can adjust to the perfect height to place you head in a soothing negative field. The Vitality Sleep Enhancer hooks between your mattress and the box springs so the weight of the magnets is held firmly in place and cannot tip over.

The second design is the Portable Sleep Enhancer. This design has 1/2 inch thick magnets held in a small hardwood frame. The bottom of the frame has a metal strip to hold the magnets in place Magnets may be removed and used for other purposes. Due to the thinner magnets you will need to sleep closer to the portable Sleep Enhancer than you would with the Vitality Sleep Enhancer, 3 inches or less. However, due to it's lighter weight, it can be packed for a trip or stored under your bed during the day.

Super Bed Grid & Brain Unit

The newest edition to our line of products is Dr. Philpott's specially designed Bed Grid. It is the strongest, deepest penetrating bed on the market. Our Bed Grid is a handmade wooden grid/bracket that holds 70 of our powerful 4" x 6" x 1" ceramic magnets. It comes to you in two sections that lay flat on the floor, it is a mere 1 5/8" thick but it has a powerful field! At a large distance away (up to 7") you still get the gauss strength and field penetration that is necessary for rest, relaxation, and most importantly the higher gauss readings demanded by some of Dr. Philpott's protocols. This bed is top of the line and impossible to beat when only the strongest, most powerful magnets will help.

Polar Power Bed Grid

#SPBDGRID

(gauss 3950)

Special Shipping Required, Please call for Rates

Another of our top of the line items is the Brain Unit. Dr. Philpott designed this unit to treat disorders in the brain. It has four 4" x 6" x 1" ceramic magnets on one side of our wooden bracket and one 4" x 6" x 1/2" ceramic magnet on the opposite side to complete a magnetic circuit around your head. The Brain Unit actually creates a negative magnetic field encircling your head as you sleep in it. Perfect for optimal brain health.

"True friendship is like sound health, the value of it is seldom known until it be lost."
- Charles Caleb Colton

Polar Power Brain Unit

Shipping Weight: 30 lb.

Enviro-Tech offers a 15% discount on complete sleep systems. The Polar Power™ Sleep Systems consist of a combination of any Slumber Pad and any Sleep Enhancer. This discount can amount to a large savings.

To receive this discount both items must be ordered at the same time as the designated Sleep System. Because of the size of the items all sleep systems are shipped in two or three packages. Shipping charges are stated for each Sleep System combination. If you are also ordering other magnets they will be shipped separately. Packages may arrive on separate dates.

#TSS1	<u>Twin Sleep System 1</u> One Mega-Field Slumber Pad Twin size and one Vitality Sleep Enhancer.	* may incur extra shipping costs

Complete Sleep Systems

Therapeutic Products

Our Therapeutic products are made for those areas of your body that need extra strength help. Ankles that get sprained or broken, Elbows that play to much tennis, Wrists that have carpel tunnel, and Heads that seem to always hurt. These products are made for more serious problems, areas of the body that need heavy duty help. But don't think heavy duty help means heavy, cumbersome, uncomfortable magnets! These products are comfortable enough to wear all day. The inside is lined with Cool Max® fabric to keep you dry, and the outside has looped fabric to keep the Velcro closures securely in place. Wear them anywhere, anytime; even to that tennis game!

Ankle Boot

Combination of eight flexible magnets (2450 gauss) imbedded in the wrap-around ankle support, and six mini-block magnets (3950 gauss) to place wherever you need extra healing.

#AKLBOOT

Shipping Weight: 2 lb.

Elbow Wrap

Combination of four flexible magnets (2450 gauss) imbedded in the wrap-around elbow support, and four mini-block magnets (3950 gauss) to place wherever you need extra healing.

#ELBWR

Shipping Weight: 2 lb.

Wrist Wrap

Combination of six flexible magnets (2450 gauss) imbedded in the wrap-around wrist support, and three mini-block magnets (3950 gauss) to place wherever you need extra healing.

#WRSWR

Shipping Weight: 2 lb.

Neck Brace

Our Neck Brace is the best on the market. Hospital grade foam in the traditional style to keep neck muscles immobile but with the added benefit of five powerful Low-Profile Super Neos. The Magnets are specially placed to penetrate all the major muscles that need help. The Neck Brace is covered in black or beige cotton jersey knit to keep you cool and comfortable.

#NKBRC

Shipping Weight: 2 lb.

Super Hat

Our incredibly comfortable hat has 18 Low-Profile Super Neo magnets contained inside its strong but flexible interior. The inside and outside are lined with black cotton jersey knit and the hat comes with an additional print cover.

Comes complete with carry case and head shaped stand to hold while not in use.

#SUPHAT

Shipping Weight: 7 lb.

Super Hat with Additional Magnets

Super Hat with a set of 16 additional Low-Profile Super Neos to increase the strength of the Super Hat to 65 gauss at the middle of center inside the hat. A powerful boost!

#SUPHATADMAG

Bio-Magnetic Handbook

William H. Philpott & Sharon Taplin

#BK-BMH

Shipping Weight: 3 lb.

Exciting, illustrated self-help guide to Medical Magnetics.

This is the most practical "How To" book on the market. The first half of the book is on theory, and the second half is on application of magnets for specific problems.

"Magnetic energy, once an ancient mystery, is now recognized as one of the strongest natural forces in the universe. Magnetism is the basis for present day discoveries being made in all fields of applied sciences - electronics, electromagnetics, chemistry, physics, etc. "

"As Bio-Magnetics unravels, the findings are astounding. Modern advanced medicine has now recognized the potential value of using magnetic energy in treating chronic physical and mental disorders, tumors, etc."

The Bio-Magnetic Handbook gives information on the therapeutic benefits of magnetic therapy for various medical disorders.

It takes the guess work out of Magnetic Therapy. Teaches new ways to relieve pain and energize yourself.

Magnetic Therapy: An Alternative Medicine Definitive Guide

William H. Philpott M.D. & Dwight K. Kalita PhD, with Burton Goldberg

#BK-MT

Shipping Weight: 3 lb.

"The complete self-help guide to using magnets to reverse 29 major health conditions? from one of the nation's leading magnet expert. Complete information on how magnets heal along with success stories of people who reversed their health problems with magnets."

Newest book on the subject of magnetic therapy. Very comprehensive.

Brain Allergies, 2nd Ed.

William H. Philpott M.D. & Dwight K. Kalita Ph.D.

Foreword by Linus Pauling, Ph.D.

#BK-BA

Shipping Weight: 3 lb.

"Let thy food be thy medicine and thy medicine be thy food."

- Hippocrates, the Father of Medicine

"No illness which can be treated by diet should be treated by any other means."

- Moses Maimonides, 12th cent. Physician

In essence, Hippocrates and Maimonides were insisting that their students practice nutrient therapy. This type of medical therapy is being used by physicians today.

This book is designed as a guide to patients undergoing professional supervised Ecologic-Orthomolecular diagnosis and treatment. The information also lends itself to self-help.

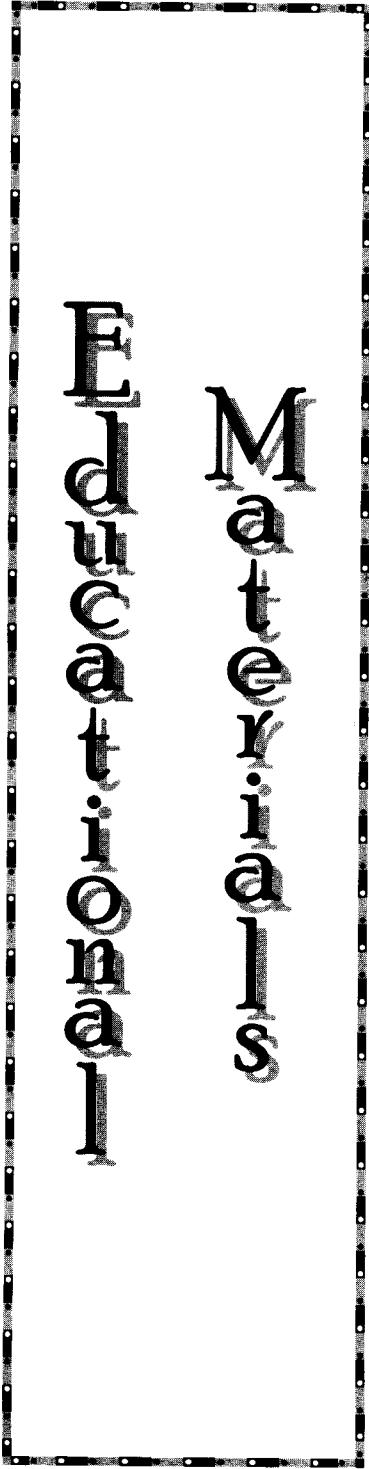

Critical Review of Currently Practiced Magnetic Therapy

William H. Philpott M.D.

#AR-CR

Shipping Weight: 1/4 lb.

Reviews the values and limitations of major magnetic therapies that are being used throughout the world.

The Magnetic/Oxygen Answer for Cancer, 2000 ed.

William H. Philpott M.D.

#AR-MOA

Illustrates the connection between use of magnets and oxygenation. Main focus is on cancer treatment but also outlines the magnetic benefits for inflammation, infection and toxicity. Includes instructions for many newly developed therapies and products.

Magnetic Miracles

Catie J. Norris and Marjorie Rothstein

Foreword by Noel S. Aguilar PhD, H.M.D.

#BK-MM

Shipping Weight: 1 lb.

"*Magnetic Miracles* is the answer to many of today's health challenges which depend on electrical regeneration on the cellular level, renewed immune function, normalized circulation, reduced 'unhealthful' acidity and the enhancing oxidating capacity of oxygen in the body."

A guide for the use of magnetics for health improvement.

Discovery of Magnetic Health

George J. Washnis & Richard Z. Hricak

#BK-DMH

Shipping Weight: 3 lb.

A marvelous book on the application of magnetics in clinical therapeutics. This book is well written and researched. Material cover all types of magnetic therapy.

The Body Electric

Robert O. Becker M.D. & Gary Seldon

#BK-BE

Shipping Weight: 3 lb.

The Body Electric tells the fascinating story of our bioelectric selves. Robert Becker, pioneer in the field of regeneration and its relationship to electrical currents in living things, challenges the established mechanistic understanding of the body. The Body Electric also explores new pathways in our understanding of evolution, acupuncture, psychic phenomena and cancer, all within the framework of Dr. Becker's colorful and controversial career.

Cross Currents

Robert O. Becker M.D.

#BK-CC

Shipping Weight: 3 lb.

Cross Currents describes the meeting of two opposing trends: the rapid rise of electro-medicine, which promises to unlock the secrets of healing and the parallel rise of electro-pollution, which poses a serious environmental danger. In this ground breaking book, Robert Becker, explains how new and nontraditional healing techniques such as acupuncture, homeopathy, visualization, hypnosis and electrotherapy work through an invisible common source - the body's electrical system.

Tapes & Videos

All of our tapes & videos are by **William H. Philpott M.D.**, the leading writer and researcher on Bio-Magnetics. All materials presented are for educational purposes. It is not prescribed medical treatment, nor should it replace regular medical treatment provided by your physician.

The Magnetic/Oxygen Answer for Cancer (Tape)

#TP-MOA

Shipping Weight: 1/8 lb.

A live taped 1 hour version of the above book. Gives the values and methods for treating cancer with a negative field.

The Magnetic Secret of Health and Healing (Tape)

Part 1: #TP-MSP1

Part 2: #TP-MSP2

Shipping Weight: 1/8 lb.

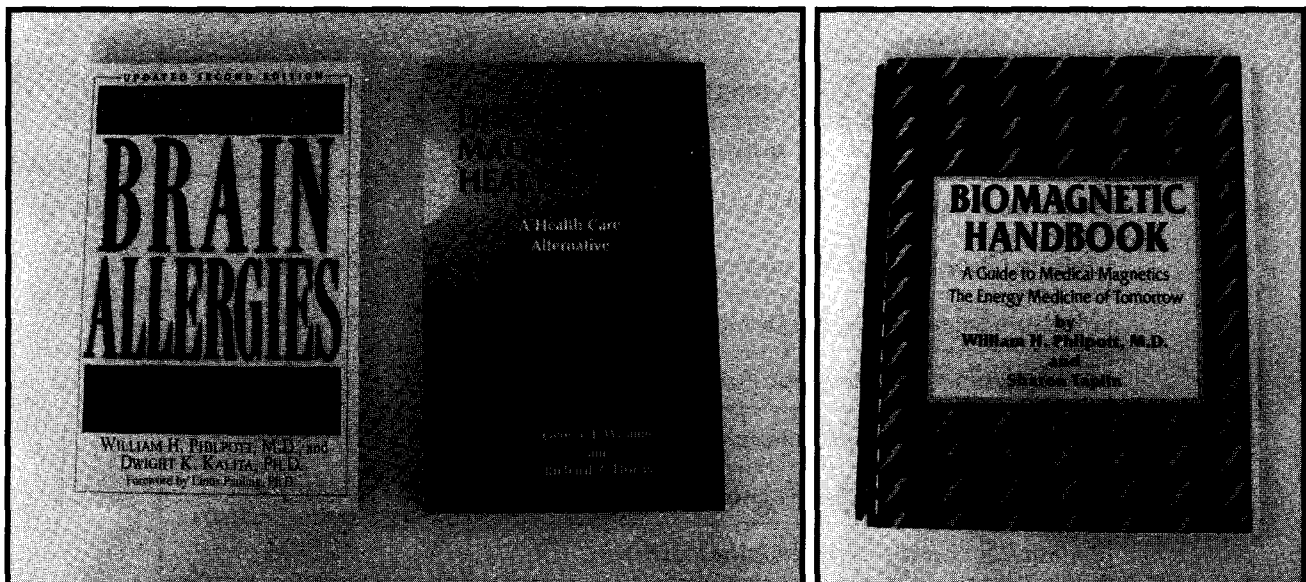

Two hour presentation on "How To" of self-help magnetic therapy.

The Magnetic Role in Health Maintenance and Disease Reversal (Video)

#VD-MR

Shipping Weight: 1/4 lb.

Two hour video on how to use magnets for better health.

Quarterlies & Protocols

**The Magnetic Health Quarterly**

Due to popular demand, William H. Philpott M.D. is providing a quarterly newsletter specifically on the subject of Magnetic Therapy. Each quarterly deals with a single subject. There is a discussion, how to apply magnets for a specific condition and answers to pertinent questions.

Subjects are:

Subject	Catalog #
The Magnetics of Sleep	#95Q1
The Magnetics of Pain	#95Q2
Anti-Inflammatory Magnetic Enzyme System	#95Q3

Magnetic Protocols - General Information
#PROTO
 Shipping Included

These are general information on specific subjects which are not medical orders for specific persons. These can be used by physicians as guides in ordering magnetic therapy for their patient. They can serve as useful information for self-help magnetic treatment. All materials presented are for educational purposes. It is not prescribed medical treatment, nor should it replace regular medical treatment provided by your physician.

New protocols are being made as needed. Ask for the protocol you wish, if it is not currently available, we will arrange for Dr. Philpott to return your call and work with you and your physician on an appropriate protocol.

The General Subjects (there are many separate subjects under these headings) for Protocols are:

- Cancer
- Diseases
- Diabetes
- Mental Disorders
- Heart & Circulation
- Prophylaxis
- Eyes
- Arthritis & Degenerative Diseases
- Syndromes
- Conditions
- General Interest

Extra Covers & Duffel Bags

Extra Bed Covers

Is your Slumber Pad's cover dirty? Replace it with a new cover!

Twin Size - #PPTCOV
Queen Size - #PPQCOV
Shipping Weight: 1 lb.

Duffel Bags for Beds

Need to take your Slumber Pad with you? Roll it up and put it in this handy Duffel Bag.

Twin Sized - #SMRDF
Queen Sized - #LGRDF
Shipping Weight: 1/2 lb.

Multi-Purpose Pad Covers

A well used Multi-Purpose Pad gets worn and dirty too. Get a new cover to make it look and feel like new.

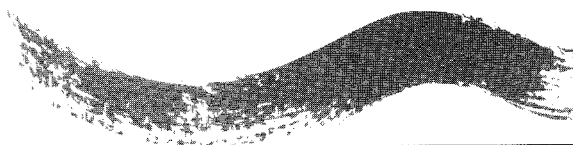

Small Size - #SMPCOV
Large Size - #LMPCOV
Shipping Weight: 1/2 lb.

Dog Bed Covers

Does your dog, cat (or both) love their special bed? Get them a new bed cover as a present.

Medium Size Bed - #MDOGCOV
Large Size Bed - #LDOGCOV
Shipping Weight: 1/2 lb.

(*sorry the cat bed does not come with a removable cover.)

Comfort Covered Magnet Covers

All Comfort Covered magnets (except Comfort Covered Neo) come with removable covers. Extra covers are more affordable, and practical than a buying a whole new magnet.

2" x 5" x 1/2" Sized Ceramic Magnet - #25.5COV

4" x 6" x 1/2" Sized Ceramic Magnet - #46.5COV

Sonozaire

- Made by Howe Baker Engineers

Sonozaire Ozone Generators electrically make ozone, the triatomic oxygen molecule.

Ozone destroys odors, such as smoke, molds and mildew through oxidation. Unlike air filters this machine does not slowly filter your air, it destroys odor molecules.

Industrial uses include trash rooms, garbage compactors, fire restoration services, etc.

*for more info please call our office and ask for Lin Lothrop.

Shipping Weight: 35 lbs.

Miscellaneous Items

Guarantees & Returns

We guarantee our magnets to be of the quality we specify with the field strength, size and polarity we indicate. We will gladly replace the product due to such defects in Manufacturing, labeling and packaging. Special order items are non-returnable, but all other items may be returned for a full refund within 60 days; provided they have not been used or damaged. There will be a 10% restocking fee. Shipping fees are non-refundable. You must have a copy of the original invoice with the order.

The information in this catalog is provided for educational purposes only. It is not prescribed Medical Treatment, nor should it replace regular Medical Treatment provided by your Physician. Any self-help application is the responsibility of the user of the information.

As Magnetic materials produced and sold by us are used in many applications such as, but not limited to, industrial assemblies, research applications, household and farm use, hobbies and crafts, science projects, etc., we cannot guarantee them to be suitable for usage which is beyond our control. Suitability for a particular use must be determined by the user.

***Cautionary Notice -**

Magnets should not be used by:

Persons having Pacemakers

Persons having any electrical device implant

Magnets can be used with proper medical supervision, (I.e. a trained physician) by:

Pregnant Women

Shipping Information

Delivery time is six to eight weeks from date of order. Many times you will receive your order in one to two weeks. However, due to large orders and availability of magnets within the industry, (we must guess our orders of raw magnets six months in advance), we reserve the right for a six to eight week delivery date. Thank You for your patience. We always try to get your orders out as fast as possible. We believe you will find our top quality, high strength magnets worth the wait.

All shipments are sent UPS unless other arrangements are made. Due to rate increases by UPS our shipping rates could change without notice.

Slumber Pad and Sleep Enhancers are shipped in separate boxes. The extra shipping cost are listed to the right of each item on the price list. To calculate the shipping cost of specialty items (items with a * by them in the catalog) please add the shipping weight charge to the extra packaging cost (i.e., Specialty item charges = shipping weight charge + extra packaging cost).

Video and audio tapes cannot be shipped with magnets. Please calculate for a separate shipment. Weights are listed next the heading "Shipping Weight" with each product in the catalog. The shipping weights are also listed on the price list.

The chart below is for your shipping cost anywhere in Continental United States -

1-5 Lb.	\$ 7.70
6-15 Lb.	\$12.50
16-25 Lb.	\$17.67
26-35 Lb.	\$22.15
36-45 Lb.	\$26.75
46-55 Lb.	\$30.00
56-65 Lb.	\$31.50

To place Credit Card orders (Visa or MasterCard only) or for any questions about products, shipping charges, etc. please call **405-390-3009**. We are open Monday through Friday 9 A.M. to 5 P.M. Central Time. Send check or money orders to:

HELP ADVANCE MAGNETIC THERAPEUTIC MEDICINE

Ethically, a claim of cure of any disease or condition cannot be made until there is published, statistical data in peer reviewed medical journals confirming the symptom and disease reversal rate.

You can help establish magnetic therapy as an established part of traditional medicine by self-help research and medical supervised research.

Information designed for self-help or physician supervised magnetic therapy:

<i>Magnet Therapy</i> by William H. Philpott, M.D.	\$ 14.95 plus \$5.00 shipping
